

SVC-06 - Mobile Device Enrollment

Description

Robotix IT supports mobile access to corporate email, calendar, Teams, and Slack on enrolled mobile devices. Enrollment registers the device in Microsoft Intune and applies a Robotix IT Mobile Device Management (MDM) configuration profile, which enforces screen lock, encryption, and remote wipe capabilities.

This service covers:

BYOD (Bring Your Own Device) - personal iOS or Android phones enrolling in Intune for corporate app access

Corporate-issued mobile devices - Robotix IT-owned smartphones or tablets provisioned for specific roles

Re-enrollment - for employees who have received a new personal or corporate device

Important: Enrollment does NOT give Robotix IT access to personal photos, apps, or data. Only corporate data within managed apps (Outlook, Teams, OneDrive) is under IT policy.

Who Can Request

All full-time and part-time employees. Contractors may enroll personal devices only with explicit manager and Security approval.

What's Included

BYOD Enrollment

Component

Details

Microsoft Intune Company Portal app

Installed from App Store / Google Play

MDM profile

Managed apps deployed

Corporate data isolation

Enforces 6-digit PIN, screen lock after 5 minutes, device encryption

Outlook, Teams, OneDrive, Authenticator, GlobalProtect, 1Password

Work apps run in a managed container; wipe only affects corporate data

Supported OS

iOS 16 or later; Android 12 or later

Device

MDM

Apps pre-installed

Personal use

How to Request

iPhone 15 (standard) or iPad Pro 11" (field roles)

Fully managed via Apple Business Manager + Intune

Outlook, Teams, OneDrive, Okta Verify, GlobalProtect, 1Password, Zoom

Permitted with manager approval; personal apps in unmanaged partition

BYOD Self-Enrollment (Recommended)

1. On your mobile device, download Microsoft Intune Company Portal from the App Store or Google Play.

2. Open the app and sign in with your Robotix IT credentials (firstname.lastname@robotix.com).

3. Follow the on-screen prompts to install the MDM configuration profile.

4. Approve the Okta Verify push notification to complete MFA enrollment on the device.

5. Enrollment completes within 15 minutes. Corporate apps will install automatically.

If you encounter issues during self-enrollment, open a ticket at <https://help.robotix.com> -> Request a Service -> Devices -> Mobile Device Enrollment.

Corporate Device Request

1. Navigate to <https://help.robotix.com> -> Request a Service -> Devices -> Mobile Device Enrollment.

2. Select Corporate Device Request and provide the business justification (e.g., field work, role requires dedicated device).

3. Manager approval is required. Director approval required for iPad Pro or devices over \$800.

4. Submit. IT will ship the device pre-enrolled or schedule an in-person setup session.
