

SVC-10 - Shared Mailbox / Distribution List Request

Description

Robotix IT manages shared mailboxes and distribution lists within Microsoft 365. These provide team email addresses that multiple people can send from and receive in, without requiring a licensed individual mailbox for each address.

This service covers:

Creating a new shared mailbox (e.g., support@robotix.com, invoices@robotix.com)

Creating a new distribution list (DL) or Microsoft 365 group for group email

Adding or removing members from an existing shared mailbox or distribution list

(cid:127) Modifying send-as or send-on-behalf permissions for a shared mailbox

Deleting or retiring a shared mailbox or distribution list

Converting a shared mailbox to a licensed mailbox, or vice versa

Who Can Request

Any employee may request a new shared mailbox or distribution list with manager approval. Changes to membership and permissions on existing mailboxes may be requested by the mailbox owner (the person designated as responsible for the mailbox) or their manager.

What's Included

Shared Mailbox

Feature

Details

Email address format

teamname@robotix.com (standard)

Storage

Access

Send permissions

Calendar

50 GB (shared mailbox default); expandable to

100 GB

Up to 25 named members; each member accesses via Outlook or Outlook Web

Send As (appears to come from the shared address) or Send on Behalf

Shared calendar included; bookable by all members

(cid:127) (cid:127) (cid:127) (cid:127) (cid:127)

Auto-reply

License

Delegation

Configurable out-of-office / auto-response

No additional license required (Microsoft shared mailbox)

Owner designates at least one primary owner responsible for membership

Note: Shared mailboxes are not monitored by IT. The designated mailbox owner is responsible for ensuring membership is current and that the mailbox is actively used. Inactive mailboxes (no activity for 180 days) are subject to deletion after a 30-day notice period.

Distribution List

Feature

Details

Email address format

dl-teamname@robotix.com or groupname@robotix.com

Type

Membership

Mail-enabled security group or Microsoft 365 Group

Managed by owner; open or closed (approval required to join)

Reply-to behavior

Replies go to sender or to list (configurable)

External senders

Nesting

Microsoft 365 Group

Blocked by default; can be enabled with manager + Security approval

Distribution lists may be nested; maximum 3 levels

Microsoft 365 Groups include a shared mailbox, Teams channel, SharePoint site, and Planner board under one umbrella. Request type "M365 Group" in the form to provision the full suite.

How to Request

1. Go to <https://help.robotix.com> -> Request a Service -> Collaboration -> Shared Mailbox /

Distribution List.

2. Select the request type: New Shared Mailbox, New Distribution List, New M365 Group, Membership

Change, Permission Change, or Decommission.

3. For new mailboxes/lists: provide the desired email address, business purpose, initial member list

(names and employee IDs), and the designated owner.

4. For membership changes: provide the mailbox/list name, the members to add or remove, and the

effective date.

5. Submit. Manager approval is required for new creations. Membership changes on existing mailboxes

require only the designated owner's approval (handled within the ticket).

Fulfillment SLA

Request Type

Target Fulfillment

New shared mailbox

3 business days

New distribution list

1 business day

New Microsoft 365 Group

3 business days

Member add / remove

1 business day

Permission change (Send As / on Behalf)

1 business day

Notes

P4 SLA

P4 SLA

P4 SLA

P4 SLA

P4 SLA

External sender enablement

3 business days

P4 SLA; Security approval required

Mailbox decommission

3 business days

P4 SLA; 30-day data hold

Cost / Chargeback

Item

Chargeback

Shared mailbox (up to 50 GB)

No chargeback

Storage expansion (50 GB -> 100 GB)

\$8/month charged to department

Distribution list / M365 Group

No chargeback

M365 Group SharePoint site (> 1 TB)

Storage overage billed per Microsoft EA
