

Robotix Technologies — Product Analytics Summary

Company: Robotix Technologies (Robotics & Automation division) · HQ: Bothell, Washington **Report date:** 2026-06-23 **Scope:** Snapshot summary of six product-analytics datasets, preserved here so the underlying CSVs can be retired.

All data is 100% synthetic. Figures below are computed directly from the source CSV files (via pandas), not estimated. Note: raw line counts in some CSVs exceed record counts because free-text fields contain embedded newlines; the record counts here reflect properly parsed rows.
