

SVC-05 - Employee Offboarding

Description

The Employee Offboarding service ensures all IT access is revoked, company assets are returned, and data is preserved in accordance with Summit IT's retention policies when an employee or contractor separates from the company. This process applies to voluntary resignations, involuntary terminations, contract completions, and internal transfers to non-Summit entities.

The offboarding request must be submitted **at least 3 business days before the last day of employment** for standard separations. For involuntary or immediate terminations, IT can execute an emergency revocation within 1 business hour when contacted by an HR Business Partner or VP-level stakeholder.

Who Can Request

- Direct managers
- HR Business Partners
- Senior HR or Legal (for immediate/involuntary terminations)

What's Included

Standard Offboarding Actions

Action	Timing	Notes
Okta account suspended	Last day at 5:00 PM ET (or immediately for involuntary)	Suspending Okta cascades to all SSO-integ apps
Microsoft 365 mailbox - access disabled	Concurrent with Okta suspension	Manager receives delegate access for 30 days

OneDrive data transfer	Within 3 business days of departure	Data transferred to manager's OneDrive or a shared drive
Slack account deactivated	Last day	DMs and history retained per retention policy
GitHub / code repositories	Removed from all org teams	Code remains in org; commits attributed to employee account
SaaS application access revoked	Concurrent with Okta suspension	Apps using SSO are automatically revoked
Active Directory / Entra ID account disabled	Concurrent with Okta suspension	
VPN certificate revoked	Concurrent with Okta suspension	GlobalProtect certificates are invalidated
Hardware asset return initiated	Last day or day of separation	See Equipment Return Guide

Email auto-reply configured	Last day (optional)	Manager provides forwarding address or custom message
License reclamation	Within 5 business days	Licenses returned to pool or cancelled

Data Preservation

OneDrive and SharePoint data belonging to the departing employee is retained for **90 days** post-separation before being deleted, unless a Legal Hold is in place. Managers should request data transfer for any files needed for ongoing work via the offboarding ticket.

Email is retained in a suspended (inactive) mailbox for **180 days**. Legal and Compliance may request extended retention.

How to Request

1. Navigate to <https://help.summitit.com> -> **Request a Service -> HR & Onboarding -> Employee Offboarding**.
2. Enter the employee's full name, employee ID (SUM-#####), last day of employment, and reason for separation (voluntary / involuntary / contract end / transfer).
3. Indicate whether an email auto-reply or mailbox delegation is needed and provide the delegate's name.
4. Specify whether any data transfers are required and to whom.
5. For **immediate / involuntary terminations**, call the Service Desk at **+1 (800) 555-7866** and say "Priority Offboarding" - do not wait for portal submission.
6. Submit. HR receives a confirmation. IT sends a pre-offboarding checklist to the manager.

Fulfillment SLA

Scenario	Response	Completion
Standard offboarding ($\geq$ 3 BD notice)	4 business hours	Last day of employment
Standard offboarding ($<$ 3 BD notice)	4 business hours	Best effort; may not complete by last day

Immediate / involuntary termination	1 business hour	Same business day
Hardware return coordination	1 business day	5 business days for return shipping
Data transfer to manager	3 business days	After departure date

P3 SLA applies (4-hour response, 2-business-day resolution) for standard cases. P2 SLA (1-hour response, 8-business-hour resolution) for involuntary/immediate cases.

Cost / Chargeback

Item	Chargeback
Standard offboarding actions	No chargeback
Hardware return shipping (remote employee)	No chargeback - IT-provided prepaid label
Lost or non-returned equipment	Full replacement cost charged to departing employee's last paycheck (per HR policy) or to department
Extended mailbox retention (> 180 days)	\$15/month charged to department
