

SVC-08 - Conference Room & AV Support

Description

Summit IT manages the audio-visual (AV) and collaboration technology in all conference rooms across Summit IT Services' 14 offices. This includes display systems, video conferencing hardware, wireless presentation solutions, and room scheduling panels.

This service covers:

- **AV support requests** for scheduled meetings or events - setup, testing, or on-site assistance
- **Incident reports** for broken or malfunctioning room AV equipment
- **Training requests** for employees unfamiliar with room AV systems
- **Special event AV** - all-hands meetings, town halls, large training sessions, board presentations

Who Can Request

All employees. Event-level AV support (50+ attendees or multi-room events) must be requested at least **5 business days** in advance.

What's Included

Standard Conference Room Equipment

Equipment	Details
Display	65" or 75" 4K display (room size dependent)
Video conferencing bar	Logitech Rally Bar (medium/large rooms); Logitech MeetUp (huddle rooms)
Room PC	Intel NUC running Windows 11 Pro, Intune-managed; pre-loaded with Teams and Zoom
Wireless presentation	Barco ClickShare CS-100 (plug-in dongle, no app required)
Room scheduling panel	Microsoft Teams Rooms panel on wall outside each room

Audio	Logitech Rally Speaker + expansion mics for rooms > 8 seats
HDMI / USB-C cables	Provided at each table; adapters available at reception

Supported Video Conferencing Platforms

- **Microsoft Teams** (default; native integration with room hardware)
- **Zoom** (available on room PC; requires meeting host to start session)
- **Google Meet** (browser-based via room PC Chrome)

Event AV Services

For all-hands, town halls, and events with 50+ attendees or overflow to multiple rooms:

- IT AV technician on-site for setup, run-of-show, and teardown
- Lapel and handheld wireless microphones (HQ and Denver office only)
- Livestreaming to Microsoft Teams Live Events (up to 10,000 viewers)
- Recording to SharePoint / OneDrive

How to Request

Standard Meeting AV Support

Most conference room AV is self-service. For quick issues during a meeting, call the Service Desk at **+1 (800) 555-7866** and select option 3 for AV support.

Advance AV Setup or Testing

1. Go to <https://help.summitit.com> -> **Request a Service** -> **Workplace** -> **Conference Room & AV Support**.
2. Provide the room name, date and time of the meeting, number of attendees, and the video conferencing platform.
3. Specify if an IT technician needs to be present during the meeting.
4. Submit. IT will confirm availability and send setup instructions to the room's calendar invite.

Special Event AV

1. Submit the same form and select **Special Event / All-Hands** under request type.
2. Provide: event date/time, location, number of in-room and remote attendees, platform (Teams Live Event or Zoom Webinar), presenter count, and AV requirements (microphones, recording, livestream).
3. An IT AV coordinator will contact you within 1 business day to schedule a run-through.

Fulfillment SLA

Request Type	Target Fulfillment	Notes
AV incident during meeting (in-room support)	30 minutes	P2 SLA; call +1 (800) 555-7866 option 3
AV equipment broken (no active meeting)	4 business hours	P3 SLA
Pre-meeting setup / test session	1 business day	P4 SLA
Special event AV (≥ 50 attendees)	5 business days minimum	P3 SLA for planning; requires advance notice
Room AV equipment repair / replacement	3 business days	P3 SLA

Cost / Chargeback

Item	Chargeback
Standard room AV use and support	No chargeback
IT AV technician (special events, < 2 hours)	No chargeback
IT AV technician (special events, > 2 hours)	\$85/hour charged to requesting department
External AV rental equipment	Cost + 10% IT coordination fee charged to department
